

SCHÄFER Container Systems appoints Carsten Dirk Sauer as the new DACH sales director

Neunkirchen, 23 February 2018. From March 1st, Carsten Dirk Sauer will be in charge of SCHÄFER Container Systems' sales for the so-called DACH region: Germany, Austria and Switzerland. The 55-year-old's previous role at the SCHÄFER Werke division was Key Account Manager KEG International, where he successfully applied his expertise gained in the metal packaging industry, as well as in pharmaceutical packaging. Sauer is the successor of Uwe Herzog, who will be taking on a new role within the company.

"We are very pleased that in Carsten Dirk Sauer we have found a competent in-house solution to continue extending our strategic direction. Without any doubt, his work for Container Systems up to now and his previous business career qualify him for his new role as sales director for the DACH region", says Business Unit Sales Director Guido Klinkhammer, the man with overall responsibility for KEG sales at SCHÄFER Container Systems. Prior to joining SCHÄFER, Sauer's last position was Area Sales Manager at LC Packaging, where he oversaw the sale of FIBCs (big bags) in South Germany, Austria and Switzerland.

About SCHÄFER Container Systems (www.schaefer-container-systems.de):

SCHÄFER Container Systems, an innovative manufacturer of high-quality container systems (KEGs) for beverages and of IBCs and special stainless steel containers for liquids, solids and granulates, is part of the internationally successful SCHÄFER Werke.

This owner-led enterprise is headquartered in Neunkirchen in Germany's Siegerland region and operates globally with diversified business areas: EMW Steel Service Centre, perforated sheets, standard and special containers in stainless steel and installations for data centres, workshops and factories. The work of all divisions is based on high-quality fine steel sheet. The processing of this material is one of the core competencies of this enterprise.
